

Operation Santa Claus

Saturday, December 6, 2025

11am - 1pm

Operation Santa Claus is an opportunity to show our community the heart of aviation and deliver holiday spirit to those in need.

Benefitting The Children's Cabinet, Operation Santa Claus is a collaborative effort between the Reno-Tahoe Airport Authority (RTAA), Reno-Tahoe Aviation Group (RTAG), and Atlantic Aviation with the support of tenants at the Reno-Tahoe International Airport and numerous local businesses and individuals to make Christmas magical for families who wouldn't otherwise have the resources to celebrate the holidays.

Adopt a Family!

The Children's Cabinet serves families throughout Nevada who are experiencing job or home loss, and financial hardship.

Here's how to participate:

- Fill out the **Adopt a Family Form**.
 - To decide the family size best suited for you or your group, we suggest a minimum budget of \$75 per member.
- Once you sign up, you will receive information about your assigned family, including first names, ages, gender and detailed wish lists.
 - Please remember that the holidays are a time for dreaming! Families do not expect to receive everything on their lists, but we encourage them to provide as much detail as possible about their needs and wishes.
- Go shopping and have fun (used items cannot be accepted).
 - The Reno-Tahoe Airport Authority provides each family with a tree and basic ornaments, if requested.
 - Feel free to include tree décor in your shopping; however, it is not required.
- Instructions on how to wrap and deliver gifts before the Operation Santa Claus event will be provided with your family assignment.
