

**Reno-Tahoe Aviation Group
Board of Directors' Meeting
June 7th, 2023**

I. Call to Order

RTAG Vice-President Mark Stiving called to order a Board of Directors' meeting of the Reno-Tahoe Aviation Group at 6:00pm on June 7th, 2023. The meeting was held remotely using Google Meet.

II. Roll Call

Mark Stiving - Vice-President
Sue Moon-West - Secretary
Jordan West - Treasurer
Karla Werning - Director

III. Committee Reports

Fundraising – Calendars cost \$5 and are available at NV Flight and Stellar Aviation. Any RTAG Director can grab some calendars from these locations and sell them at other airports.

Membership – RTAG's official photographer, Jack Woods, has taken over the Instagram account @renotahoeaviationgroup.

Fly-outs – The next fly-out is scheduled for Saturday, June 17th, to Columbia, CA. Meet on the O22 ramp at 9AM. We will walk across the street to Mandy's Breakfast House.

The Board is looking for someone who can coordinate the July 15th flyout.

Liaison to Outside Groups – AOPA Representative Jared Yoshiki reached out to RTAG after hearing stories of issues between a local mining operation and the Winnemucca Airport. The Board is looking for members who are familiar with that airport who may be able to help.

Jared also requested that RTAG build relationships with small airports throughout Nevada. The Board will explore this further. The Board is also considering having RTAG join the Nevada Aviation Association.

Special Events – A group of volunteers will meet in July to start planning Operation Santa Claus. Please reach out to Karen if you want to volunteer.

The Adopt-a-Spot cleanup has been rescheduled for Saturday, July 8th. Meet at the north end of the Atlantic Aviation parking lot. We need a minimum of 6 people for this to work. Meeting time is TBD.

Educational – The next RTAG general meeting is scheduled for Wednesday, July 12th, from 5:30pm at CAP. Joe Rajacic will present reasons #6 and #7 for GA fatal accidents.

Scholarship – Karla is investigating how RTAG could add a 501c3 entity for scholarships. She also reached out to several Western US A&P schools to see whether we should offer an A&P scholarship.

Outreach – One hangar tenant didn't receive the notifications about the Vice-Presidential TFR and was detained by Secret Service on April 18th. He drove in through the GA East gate during the ramp freeze and was headed to his hangar. We are looking for members' input on how to prevent this in the future.

Finance – Jordan noted that we still haven't paid out the second scholarship. The RTAG Board will reach out to the scholarship winner.

IV. Adjournment

The virtual meeting was adjourned at 6:20pm.
Minutes submitted by Sue Moon-West.
